

What is Physics?

2nd Rational Physics Conference
April 5-6, 2014, Salzburg, Austria
<http://www.rationalphysics.info>

A not-for-profit conference organized independent of any academic or research institute or of any scientific society. No commercial, industrial, or political interests are involved. This ensures no influence is exerted on speakers or participants to force compliance with the authority of any that seek to foist dogmatic views on society.

Speakers: Stephen J. Crothers, Bill Gaede, Hartwik Thim, Alexander Unzicker, Klaus D. Widzel
