Dear Colleague

The **Global Conference on Applied Computing in Science and Engineering 2016**, to be held at Macroarea di Scienze Matematiche, Fisiche e Naturali, Università degli Studi di Roma "Tor Vergata", Rome, from July 27 to 29, has the objective of creating an international forum for academics, researchers and scientists from worldwide to discuss worldwide results and proposals regarding to the soundest issues related to Applied Computing in Science and Engineering

This conference will be organized in **seven big thematic areas**:

- Computer Applications in Science and Engineering
- Computers and Information Technology
- Measurement Technologies
- Modeling and Simulation
- Software Design and Development
- Simulation Tools
- Formal Methods

I am looking forward to seeing you in Rome.

Best Regards,

Antonio Macías García PhD.

Department of Mechanical Engineering, Energy and Materials

University of Extremadura, Spain
